FIRE PROTECTION SYSTEMS

ABOUT US

Berg Technical Services LLC is an engineering venture in UAE and a member of Berg Engineering Group.

Berg Technical Services LLC is engaged in the Design, Fabrication and Erection of Bulk Storage Tanks (Flammable and Combustible Liquids) Installation of Fuel Oil Systems, Installation and maintenance of Fire Protection Systems, Central Gas System, Gas Detection System and Maintenance as well as Field Fabrication Services for Large Volume Steel Tanks, where manufactured components are shipped on site and erected under the direction of our team of engineers.

Our field fabrication service includes the design of Storage tank to customer specification and in accordance with standards such as UL 142, UL 58, API 650, British Standards.

PRODUCTS & SERVICES

TURNKEY PROJECTS

- Project Costing
- Planning
- Sheduling & Logistics
- Measuring & Supply
- Installation
- Commissioning
- Staff Induction & Training
- Handover

STORAGE SOLUTIONS

- Aboveground Flammable Liquid Storage Tanks
- Underground Flammable & Non-Flammable Liquid Storage Tanks
- API 650 Vertical Storage Tanks
- Bottled Steel Tanks
- Silos
- Pipelines

CENTRAL GAS SYSTEMS & GAS DETECTION SYSTEMS

- Aboveground and Underground Tanks
- LPG Vaporizers
- Control Valves & Regulators
- Gas Flow Meters and Metering Solution
- Gas Leak Detection Systems
- Bulk Gas Supply

FIRE PROTECTION SYSTEMS

- Fire Fighting System
- Fire Alarm System
- Emergency Lighting System
- Voice Evcaution System
- Fire Pump Installation
- Fire Suppression System
- Wet Chemical System
- Annual Maintenance Contract

TURNKEY PROJECTS

Fuel oil system is a turnkey operation that allows for the safe and proper storage of fuel oil. This is designed and constructed to suit our customers unique application and site requirements.

This is a turnkey operation that allows for the safe and proper storage and dispensing of flammable and combustible liquids. The technical know - how acquired by the company since last several years in this field has contributed to the fast growth and reliability as a fuel oil system service provider.

Options

- Leak detection monitoring
- Fill / spill collector
- Pumping distribution system
- Inventory reconciliation system
- Electrical system

Few Accomplished Turnkey Projects

KHAZNA DATA CENTER

SCOPE : Supply, fabrication, erection, testing & commissioning of 85,000 liters double wall underground bulk storage tank.

DESIGN CODE : BS EN 12285 - 1 : 2003

LOCATION : Abu Dhabi & Dubai, United Arab Emirates.

VERTICAL DIESEL STORAGE TANK

SCOPE : Supply, fabrication, erection, testing & commissioning of 20,000 Imperial Gallons.

DESIGN CODE : API 650.

LOCATION : Fujairah FZ, United Arab Emirates.

CONSTRUCTION OF IRRIGATION OF PUMPING STATION IPS-3A RESERVOIR AND ASSOCIATED TRANSMISSION MAINS

SCOPE : Supply, fabrication, erection, testing & commissioning of 2 nos of 20,000 liters pressure vessels.

DESIGN CODE : ASME Sec VIII Div 1.

LOCATION : Abu Dhabi, United Arab Emirates.

MARINE FUEL STATION AT KHALIFA PORT

SCOPE : Supply, fabrication, erection, testing & commissioning of 5,000 US Gallon day fuel tank - cylindrical design.

DESIGN CODE : UL 142.

LOCATION : Abu Dhabi, United Arab Emirates.

ENOC FUJAIRAH DISTRIBUTION & TRADING TERMINAL

SCOPE : Supply, fabrication, erection, testing & commissioning of 2 nos of 70,000 liters bulk tank.

DESIGN CODE : UL 142.

LOCATION : Fujairah, United Arab Emirates.

AL RAWADHA PALACE UTILITY

SCOPE : Supply, fabrication, erection, testing & commissioning of 99,000 liters double wall vertical storage tank

DESIGN CODE : API 650

LOCATION : Al Ain, United Arab Emirates

STORAGE SOLUTIONS

- Underground Steel Tanks
- Aboveground Horizontal / Vertical Storage Tanks
- Utility Storage Tanks
- Field Erect Tanks

Few Accomplished Projects in Storage Solutions

GENERATOR WITH 2,750 LITERS RECTANGULAR HORIZONTAL BASE STORAGE TANK

DESIGN CODE: BS 5950 - 1 : 2000, Part 1

LOCATION : Jebel Ali, Dubai, United Arab Emirates

ENVIRONMENT TANK - 11,200 LITERS

DESIGN CODE: UL 142

LOCATION : Abu Dhabi, United Arab Emirates

IRRIGATION OF PUMPING STATION - 10,000 LITERS SURGE VESSELS

DESIGN CODE: ASME Sec VIII Div 1

LOCATION : Abu Dhabi, United Arab Emirates.

40,000 LITERS VERTICAL TANKS

DESIGN CODE: API 650

LOCATION : Abu Dhabi, United Arab Emirates

BANYA URIP PROJECT - 14,500 LITERS & 11,000 LITERS TANK

DESIGN CODE: BS 799 / API650 / BS EN 12285 - 2:2005

LOCATION : Dubai, United Arab Emirates.

CYLINDRICAL STORAGE TANK WITH SKID

DESIGN CODE: BS 799 Part V

LOCATION : Abu Dhabi, United Arab Emirates.

CENTRAL GAS SYSTEM & GAS DETECTION SYSTEM

Key business:

- Site Construction / EPC Projects
- Shop Fabrication Projects
- LPG Projects

CENTRAL GAS SYSTEM & GAS DETECTION SYSTEM

Berg Technical Services is an expert in Various Gas field (LPG, LNG, & SNG). We are engaged in Design, Fabrication, Installation, Testing and Commissioning of Central Gas System and Gas Detection System for commercial and industrial customers in UAE & MENA. Our experienced team offers the latest technology in Energy Solutions along with the implementation of the Highest Safety performance measures. At the same time, we provide clients with the most competitive prices for our services.

We provide Engineering, Construction, Procurement Services, Consulting, Feasibility Studies, Training, Operations and Maintenance Services for various Gas Systems such as:

- LNG Vaporization Stations & Reservoirs
- LPG Stations & Reservoirs
- SNG Stations & Mixing Plants
- Cylinder Gas System
- High, Medium & Low Pressure Transmission Gas Line
- City Gas Distribution Networks
- Strategic Valves Control & Scada Systems
- Internal Developments Networks
- 24x7 Emergency Gas maintenance Services
- Annual Maintenance Contracts for Various Gas Systems
- Bulk Gas Supply, Gas Metering and Billing Solution
- EPC Contractor for Storage Tank of Oil & Chemical Plant

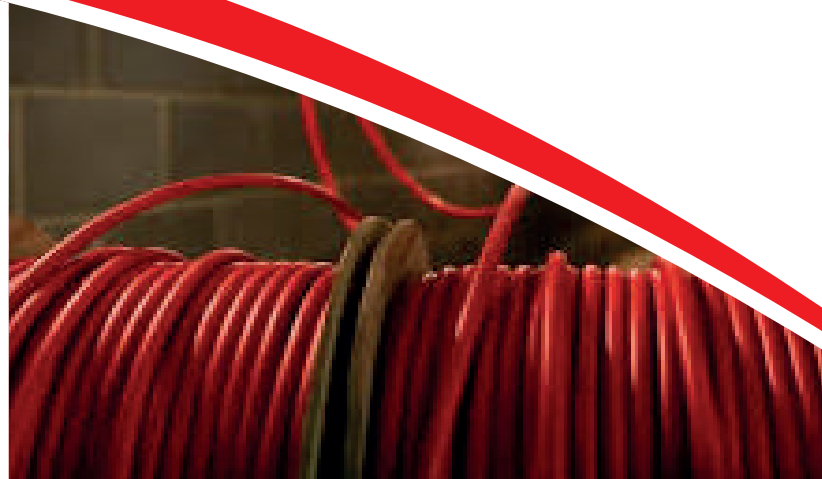

Our main customers are companies dealing with Petroleum, Chemical Engineering, Steel Mill, Electric Power, Gas Power, Government Authorities and many Public Organizations. We have consistently invested in new technology and products to satisfy all our customers. With time, the motto of Berg Technical has evolved from "Technological Contributions to the Country" to being "Technological Contributions to the world".

FIRE PROTECTION SYSTEMS

We are into the design, supply, installation & maintenance of various Fire Protection systems like Fire Fighting, Fire Alarm, Fire Suppression Systems, Fire Pumps, Fire Hydrants, Fire Extinguishers, Clean Agent Systems, and Automatic Fire extinguishing Systems, Fire Alarm Systems, Public Address Systems, and Emergency Lighting Systems etc. by obtaining necessary approvals from local regulatory authorities. While Customer satisfaction is our main concern, we are adhering to the Safety Standards set by Dubai Civil Defense & NFPA.

Our experienced & dedicated technical team can handle from the conceptual design till the Final certification without any flaws, so that Complete Customer Satisfaction is guaranteed. We keep the ISO Stands to deal with all our Operation Areas to maintain our quality in every steps of action.

QUALITY POLICY

We at BERG TECHNICAL SERVICES L.L.C are committed to achieve total customer satisfaction by adapting to understand and meet evolving customer expectations by adopting National / International Standards, Codes / Statutory regulations in quality of the fabrication products and services delivered to the customer.

As a company we shall strive to continually improve all the process by effective implementation of Quality Management Systems, involving all levels of employees and associates.
